

AMENDMENT

TO THE CALL FOR PROPOSALS N° GR/001/22

Ideas powered for business SME FUND

Intellectual property vouchers

Under the terms of Section 1.4 of the call for proposals GR/001/22, the total budget available for the co-financing of actions under this call for proposals is estimated at EUR 16 000 000 within the limits provided in the following table:

TYPE OF ACTION	BUDGET	MAXIMUM AMOUNT OF THE VOUCHER	ALLOCATION
Voucher 1 – IP-related activities	EUR 15 000 000	EUR 1 500	Based on the number of participants
Voucher 2 – Patents	EUR 1 000 000	EUR 750	Based on the number of participants

Due to success of the action in terms of number of requests, the available budget could be soon exhausted. The Office has therefore decided to increase the budget related to Voucher 1 by EUR 10 000 000 to a maximum amount of EUR 25 000 000.

The budget related to Voucher 2 remains unchanged.

As stated in the call for proposals under section 1.5, should all the funds be used before the end of the call submission period, the online application system (eForm) will be closed and applicants will be informed of this on the website.

Detailed information will be published on the [SME FUND webpage](#) to ensure that all applicants are treated equally and have access to the same information.

The adjustment to the call for proposals GR/001/22 is presented in annex to this amendment.
